MOTIVATIONS

QUEST

The Empire used Kesvo's home world as a base for its bacteriological research, and when their mistakes lead to a containment issue involving a deadly, flesh-eating bacterium, their solution was to bomb the lab - and the city around it - from orbit. Over two hundred thousand Falleen perished, including an entire family house. Kesvo is angry about the careless way Falleen lives were discarded, and every time she takes down an Empire operative it feels a little like she's ticking off a mark from that list of two thousand.

VENGEANCE

DISCOVERY

After having turned away from her home and family in response to their complacency in the face of the Empire's oppression, Kesvo feels unmoored. The mission presented by the Republic is convenient work that pays well and helps soothe her general desire to stick it to the Empire, but it's only a bandage rather than a cure for the aimlessness she feels. She grew up expecting to rule her family's province on Falleen, and now her future is decidedly unclear. While she's happy enough to aid the Republic for now, she does feel a troubling lack of purpose when she thinks about the future.

SELF

AMBITION

Kesvo grew up accustomed to a certain level of autonomy and deference and likes the power afforded by being part of the ruling class. Leaving Falleen has removed her from that structure, but part of her still craves that feeling of control and being somewhat exalted. She's entirely in denial about it because she doesn't want to be that way, but the truth is that she secretly craves the power of rule.

POWER

DRIVE

Kesvo ran a mercenary crew before joining the Hellions. A disastrous few pieces of bad luck wound up destroying a mission and claiming the lives of the entirety of her team, and to this day the guilt from surviving them is ever-present. She's prone to obsessing over her choices and responding sharply to mistakes. Though it's not a conscious choice, she resists forming real bonds with the new crew members, as she's reluctant to concede that she deserves a second chance at the kind of familial bond she had with the Lancers.
